President's Column

Thanks to all the volunteers and the competitors for an excellent contest. We were blessed with good weather and a wonderful turnout. Thanks also to our Chief Judge, Greg Dungan. Congrats to our CD for a job well done. Special thanks to our wonderful group of new volunteers who actually made the whole event happen.

Now we need to address the repair of our corner marker sheets. At the August meeting we will be planning a working session to repair the remaining sheets and set up the acquisition of some new markers. Any ideas are welcome. Since the changes at airport have allowed us to add a marker at the back center box, we need more of them.

See you at the Brighton Airport August 22nd for the Corn Roast. Stay tuned for more information on this combined event with EAA113, EAA384, IAC88, and the BAA. There are plans afoot to have a Missing Man formation flyover at the start of the event as a memorial to all those we have lost this past year. At least one aircraft from each chapter could participate.

We are planning a practice/critique session on August 29 at Marine City Airport.

Sandy

Chapter Meeting Notes

Please note that there will be no July meeting because of the Salem contest was held on that weekend. The next meeting will be in conjunction with the **Corn Roast on August 22nd at the Brighton Airport.**

From the Editor

The Michigan Aerobatic Challenge has been a great success. It is good to see pilots and volunteers coming from all around the region to make the contest count. Jackson Airport and the local EAA Chapter 304 again were perfect hosts. If you have any pictures you would like to share please e-mail them to me. We will make them available through our website.

You may have noticed that I had not included any IAC news in our newsletters lately. My thought was that this information would be easily accessible on the IAC Website (www.iac.org). Please let me know if you still want to see an excerpt in the newsletter.

The next big EAA event is Oshkosh. I hope to see some of you there during the week.

Quinter
